

The GA airports around the DC area ARE NOT THE PROBLEM! The oppressive nature of special flight procedures and PIN #s to get in and out are keeping many who would return "home" to College Park, Hyde, and Potomac out of the area. This onerous requirement makes our collective blood boil... plus the lack of once held and once enjoyed freedoms of flying in and out of these airports is clear evidence of not allowing us to return to "normal." Discussions of "reapplying" those restrictive requirements to Freeway Airport (W00) leads one to thoughts of protest and civil unrest. We cannot live "in freedom" without knowing why and for how long those oppressive measures will remain in place.
